

Code of Care

As Community Service Learning Coordinators through the I-CARE program in the West Des Moines Community School District, we strive to cultivate a new generation of caring and competent volunteers and help community agencies meet their goals.

Through the I-CARE program the Community Service Learning Coordinators will:

- *Plan and help prepare students for community service projects*
- *Communicate to students what is expected of them and the impact of their role*
- *Develop students unique gifts and abilities*
- *Aspire to achieve a high level of quality in all service projects*
- *Commit to a standard of reliability and responsibility*
- *Model behavior consistent with the Pillars of Character and/or 40 Developmental Assets as taught in their classroom*
- *Encourage students to see themselves as a valuable resource to the community*
- *Help students reflect on their service to find personal relevance and meaning*
- *Enhance students sense of citizenship, personal skills and positive values*
- *Recognize students and celebrate their efforts, attitudes and accomplishments*
