

STATEMENT OF GUIDING PRINCIPLES

The primary purpose of the school building program is to provide a means of achieving the educational objectives of the school district.

The Board of Education will have full and final responsibility for the selection of sites, employment of personnel, contracting for services, approval of plans, authorization and acceptance of bids, payment for work performed on contractual agreements and final acceptance or rejection of work done. All of the related actions will be taken only by official resolutions at Board meetings based on formal recommendations by the administration.

The Superintendent or his/her designee will be responsible for organizing and coordinating the efforts of the various individuals and groups to best achieve the established education objectives in the building program, for making recommendations to the Board, and for monitoring and reporting the progress of construction.
