

## Introducing the WDMCS High Performance Network

West Des Moines Community Schools (WDMCS) has developed an ongoing health care partnership with The Iowa Clinic, effective July 1, 2022. All essential services are included – including primary and urgent care, and over 40 specialties.

No matter your plan choice, you have access to a choice of excellent care facilities. You can still use the Wellmark network and out of network providers.

You'll benefit from \$0 primary care and specialty co-pays when using a provider with The Iowa Clinic.

### Why The Iowa Clinic?

At The Iowa Clinic, we do things a little differently than other healthcare providers. Like coordinating your care between everyone who sees you and giving you priority access for things like preventive screenings or physical therapy. We also offer convenient care options like same-day and next-day appointments, e-Clinic virtual visits, after-hours urgent care and 24/7 online scheduling. It's convenient, compassionate care that supports your whole health. **It's care how you want it.**

**Not sure where to start?** Our Patient Communication Coordinators are available to listen to your needs and help you find the right physician for your family. Give us a call at 515.875.9200 – Tuesday through Friday 8:30am to 4:30pm.

### Virtual visits from The Iowa Clinic

Telehealth services are available from The Iowa Clinic, offering you and your family convenient access to quality care from local providers – without breaking the bank.

Schedule a  
virtual visit today  
by scanning the  
QR code.
