

2021-2022 INDIAN HILLS JUNIOR HIGH CPI VOLUNTEER FORM

The Committee for Parent Involvement (CPI) at Indian Hills invites all parents to participate and support our children and the school. CPI meetings, held four times a year, are a great place to share ideas, voice concerns, and hear from the principal about important issues at the school. CPI also works with the administration to coordinate special events that are **simply not possible** without parent volunteers. **There are multiple programs that accommodate a variety of schedules.** This allows most parents some opportunity to participate, whether it be monthly, once a year, or at various times throughout the year.
